ITU WELCOME LETTER

Greetings and welcome to the 2018 MS AMLIN World Triathlon Bermuda! It is my enormous pleasure to welcome you all to Bermuda for the second race of this year's ITU World Triathlon Series. This is an especially gratifying moment being the first time that Bermuda has hosted an ITU World Triathlon Series event, and we look forward to a long and successful relationship with this beautiful country.

It is fitting that the island that has given birth to one of triathlon's modern greats, Flora Duffy, now takes up the responsibility of hosting a prestigious WTS event; recognition of her back-to-back series wins in 2016 and 2017 that have given the sport such an enormous boost in the region.

What Flora's achievements have done for the sport here is incredible, and this weekend of activities and racing gives us the perfect opportunity to turn even more young people on to our wonderful sport for the first time.

Indeed, Bermuda's team in the Triathlon Mixed Relay at this month's 2018 Commonwealth Games in the Gold Coast is a direct result of the incredible growth that Bermuda has witnessed over the past few years, and that development can serve as an example to all of our National Federations. The World Series race is the focus of the Bermuda Triathlon Festival Weekend, running from Thursday April 26 to Sunday April 29. Novices are welcome to participate alongside seasoned triathletes of all ages, for an occasion that will once again underline the unique accessibility and comradery of triathlon.

The world's best triathletes can certainly expect to be challenged here. Following a 1500m swim in the clear blue Atlantic waters, a challenging bike course tackles hilly terrain that includes a gruelling climb up narrow Corkscrew Hill, before the run follows picturesque Front Street's colourful buildings through the centre of Bermuda's capital, Hamilton.

This weekend represents an important debut for Bermuda on the WTS calendar and I would like to thank the Bermuda Triathlon Association and the local organisers for putting together this wonderful course. As ever, I wish all the athletes the best of luck and I hope that everybody gets to enjoy the spectacle of WTS racing and triathlon up close.

Sincerely, MARISOL CASADO President, International Triathlon Union IOC Member

LOC WELCOME LETTER

Hey Age Group Athletes - expect a race like no other.

How do you combine the best features of the WTS courses into one? The city center swim from Hamburg, the bike hill from Rio, the run hill from Stockholm, the home hero atmosphere from Leeds...

When I first set out to create a new race on the WTS circuit all of those aspects came to mind. What you have in front of you is the result.

A swim in Hamilton Harbour right off the Flagpole - the epicenter of Bermudian festivities.

- A bike up Corkscrew Hill the sharp biting hill with two quick switchbacks.
- A run on Front Street flat and fast but watch out for Burnaby Street.

The heart of activity is the Birdcage right near the Transition and the Finish. A policeman dressed in a British Bobby uniform used to stand inside and direct traffic. You'll come past this intersection 25 times during the race. Once out of the water, twice on every bike lap and four times on the run. Kris Gemmell and the folks at ITU gave me special permission to have this 10 short laps on the bike.

This makes for a super condensed inner city course with a very clear focal point for spectators and television. I hope that also creates a fun atmosphere with a motivated crowd to cheer you on!

Welcome to the island and have fun!

PHILIPP SCHMIDT Chairman WTS Bermuda

P.S: Stop by the Athletes Party next to the swim start on Saturday night and join us at the Hangover Swim on Horseshoe Bay beach on Sunday morning!

WELCOME TO BERMUDA

Welcome athletes, coaches and spectators to the first of 3 WTS events to be held in Bermuda over the next 3 years. I am thrilled that Bermuda has the opportunity to be the host of this spectacular, world class event that will showcase the best in our sport. It's an opportunity to have an event that I believe will have a positive, long term impact on Bermuda's youth, community and economy. The staging of this WTS event has involved countless hours of hard work by a dedicated team of race organisers. This experienced team, together with all those involved from Bermuda, have designed a world class race course and many other related activities for you to enjoy during your stay.

Bermuda has a strong and important history of triathlon and also with the ITU, having hosted many professional events since 1987, 3 ITU World Cups in the 90's where our own Flora Duffy, the current World Champion, watched as a 10 year old. Bermuda had its first triathlon in 1979 and had representation at the inaugural ITU Grand Final in Avignon, France in 1989.

On behalf of the Bermuda triathlon community, I want to wish all triathletes the best of luck in the upcoming races. I know you are going to enjoy the many sights, sounds and tastes of this friendly and wonderful Island.

We look forward to seeing you at the finish line.

STEVEN PETTY President Bermuda Triathlon Association

RACE DAY

Please ensure that you arrive at Age Group Transition in plenty of time for your race start, we suggest at least 90 minutes prior to your race.

CHECK YOUR TRANSITION

Before you start your race, ensure that your race equipment (and any nutrition you may want during your race) is arranged neatly next to your bike, within the area allocated to your race number. Please be mindful of other competitors when setting up your transition area.

No equipment is allowed in the aisles, before or during the competition. Personal belongings, other than your race equipment, are not allowed at your numbered position in transition and should be safely stored at the bag drop. Please note nudity in transition is forbidden.

TRANSITION CHECK-IN AND BIKE RACKING

Transition check-in will be open on Saturday April 28 between 05:30 am and 07:00 am. You must rack your bike in transition within this time. You will need your race number given at registration to access transition. Your bike and helmet must have your race number stickers clearly visible on them and your corresponding wristband will be checked. Helmets must be worn and fastened whenever you are handling your bike within the transition area.

Your transition space is for you to leave your race equipment only, it is not a place to leave large bags or boxes. Competitors are not allowed to 'mark' their position in any way that gives them an advantage over another competitor. Technical Officials will be checking this throughout the event.

BAG DROP (MS AMLIN WORLD TRIATHLON EXPO)

You can securely leave a bag of clothing and personal belongings in the Expo at Car Park #5. At registration, you will be given a backpack to use as your Bag. This bag can be left at the bag drop off and will get a bag tag with the number. In this bag, we recommend that you put warm, dry clothes and any other belongings you may want once you have finished your race (e.g. sunscreen, money for refreshments). See venue map on page 13 of this document for bag drop location.

RACE DAY

EXPO BAG DROP

A secure area is available within the expo on your way to the swim start to leave your bag prior to race start, or you can leave it with friends and family whilst you race. After you finish your race, you can collect this bag before you return to collect your bike from transition.

ELECTRONIC RACE TIMING

This event uses electronic chip timing. Once issued with your chip at registration, ensure you do not get it mixed up with someone else's. Wear the timing chip on your left ankle. Please ensure you only cross timing mats whilst you are racing, or when instructed to by a marshal at the swim start, so that your race results aren't affected. You must return your timing chip to the volunteers in the finish area at the end of your race. Any timing chips not returned will incur a charge of 75 USD.

RACE NUMBERS

In your race pack you will be issued with a pack of race numbers; these must not be altered. Your bib number should be worn facing forwards on the run. The bib number does not need to be worn during the swim. In fact if it is a non-wetsuit swim, it is illegal to wear your bib number. Failure to display your number correctly could lead to a time penalty.

Love your life.

We do. That's why we at BF&M are proud to help you protect what matters most. It's also why we're proud to be a Main Sponsor of Bermuda's first World Triathlon Series event. Be healthy. And keep on loving life.

The BF&M difference? Insurance the way it should be. For more information visit www.bfm.bm or call 295 5566

SPECTATOR INFORMATION

SPECTATOR INFORMATION

Be a part of the MS Amlin World Triathlon action at prime viewing locations.

Bermuda's first ever World Triathlon event is carefully designed to include the best of other courses on the world circuit. The city center swim from Hamburg, the bike hill from Rio, the run hill from Stockholm, the home hero atmosphere from Leeds... it's all here in Hamilton Bermuda and there are plenty of prime viewing locations.

We suggest any of these 'Fan Zones'.

Corkscrew Hill. Watch amateur Age Group athletes push up the steep twists and turns in the morning, then marvel as the elite athletes take it from a 'standing start' in the afternoon. Bring your tents, chairs and a picnic lunch because between races, you'll have the cool party vibes of DJ Chubb. It's party time.

Front Street. Expect a hive of activity all the way along Front Street, from Queen Street to Seon Building, outside the office of our Title Sponsor, MS Amlin. The famous ITU blue carpet Transition Zone, and the Start and Finish lines are all at No 1 Car Park on Front Street. The Clarien Bank VIP Lounge viewing area and free public viewing stands will be in the midst of the action.

International Fan Zone. We invite you to bring national flags from different countries and support all the visiting athletes in Bermuda for the race. The parade of nations will be lined up in front of the Cabinet Office on Front Street, representing countries from far and near. US, Canada, Great Britain, Italy, South Africa, Russia, Australia, Germany, Mexico and more! Join in the international action.

Your favourite club or school. Warwick Academy invites alumni to join their Fan Zone on Trimingham Hill and at the bottom of Corkscrew Hill, and the Port Royal Primary Fan Zone will be at the top of Burnaby Hill, at Reid Street. Flora Duffy had her winning start at both of these schools, she was born and raised in Bermuda until her training took her overseas to live. Keep an eye out for more Fan Zone announcements from several local organisations. Dotted along the route, you'll find entertainment, music and food. Bring your noisemakers, wave your flag and cheer loudly!

Front Street Balcony Restaurants. Take it easy, sit back at a Front Street restaurant and enjoy a special breakfast, lunch, or dinner as you watch all the live action from your balcony table overlooking the event venue. It couldn't be easier!
