Rotterdam is proud being host to the ITU World Triathlon Grand Final, one of the most important triathlon events in the world and a great addition to the list of top sporting events organized here. In addition, this sports event gives an impulse to local economy and will motivate citizens to stay fit and healthy.

Rotterdam is not only a city of sports, it is also a city to discover. Rotterdam is a multicultural delta city holding more than 190 nationalities within its borders. Compared to other cities, the inhabitants are averagely young. The city is famous for its hands-on mentality, unique appearance and vibrant cultural life. Rotterdam offers a breeding ground for new ideas and invites people to make their ideas true: “Rotterdam. Make it happen.”

The ITU World Triathlon Grand Final Rotterdam will give us the chance to show what Rotterdam has to offer to sports fans all around the world, together with ITU, Rotterdam Topsport, athletes, coaches, visitors and our partners around the city. I wish all participants the best of luck.

Ahmed Aboutaleb,
Mayor of Rotterdam

ITU World Triathlon Grand Final Rotterdam 2017

Dear All,

I’d like to offer a very warm welcome to all triathletes, spectators and media to this fantastic event the ITU World Triathlon Grand Final Rotterdam 2017.

Having been involved in the world of sport for a massive part of my life I’m extremely proud to be part of the organisation of this incredible event. Triathlon has grown a substantial amount and bringing this event to the Netherlands is a great opportunity to develop the sport here.

The great thing about the ITU Triathlon Championships is that everyone can participate. From professionals to beginners everyone has the possibility to take on the course that runs through the city centre of Rotterdam. Actually no one has the excuse to be on the side line. I think it is very important to get as many people as possible to experience how fun and challenging a triathlon can be.

I truly hope everyone manages to push their limits and if not this year, I hope this event aspirer’s you to take part in the future.

Finally, enjoy the beautiful city of Rotterdam and the spectacle of ITU triathlon. Have a wonderful couple of days.

Kind regards,

Erben Wennemars
Tournament Director

5.2 BIKE AND RUN TRAINING

The ITU World Triathlon Grand Final Rotterdam takes place in a very scenic but busy city. We recommend using the Age Group bike course for bike training and ‘Het Park’ for run training. The AG bike course is located on wide cycling paths and quiet roads. You are riding in normal traffic conditions which means other cyclist and cars can be on road. Please be careful, in The Netherlands we ride on the right side of the road. The Park offers more than 4 km of paved and gravel paths. GPS files of the AG bike course can be downloaded on the event website.
